

REPORT
Seminar on training of certified trainers of HP LIFE
for ORT-KesherNet Centre in Ukraine

October, 14-16, 2012, Kiev, Ukraine

October, 14-16, 2012, In Kiev there was a seminar on training certified trainers on HP LIFE program for the ORT-KesherNet Centres in Ukraine. Seminar was organized by the ORT Russia, ORT Ukraine, Project Kesher and Kiev ORT Technology Lyceum.

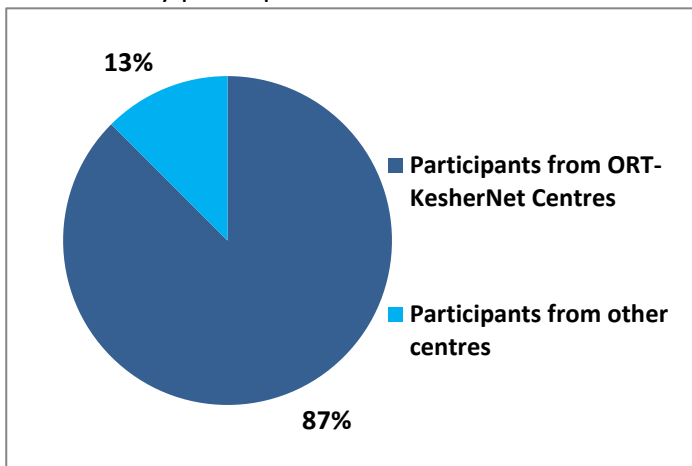

Kiev – 1.

There were 7 employees of ORT-KesherNet Centres from 7 cities and 1 teacher of History and Geography of Israel of Kiev ORT Technology Lyceum participating:

- Simpheropol – 1,
- Lutsk – 2,
- Krivoy Rog – 1,
- Khmelnytskyi – 1,
- Vinnitsa – 1,
- Cherkassy – 1,

Unfortunately participant from Makeevka was not able to participate in the seminar.

Seminar was conducted within the joint program with HP global HP LIFE initiative to accelerate micro-entrepreneurship. This is a global program that trains students, potential entrepreneurs and small business owners to harness the power of IT in order to establish and grow their businesses. Instructional support and materials had been produced by the Micro-Enterprise Acceleration Institute (MEA-I) in Geneva on HP order.

The main object of this course is to attract audience's attention to the connection of actual business tasks and their technological solutions. In the process of analysis of information received audience could estimate the expedience of applying of particular technology for the goals of their business and to estimate costs and profits.

Course is aimed to the audience with different ICT competence, even minimum.

Seminar was conducted by Master Trainers Sergey Gorinskiy (ORT Russia Director) and Sergey Dzuba (Deputy Principal of Kiev ORT Technology Lyceum).

Preparatory phase of the seminar started August 29, 2012.

- a) up to September, 5, 2012 – applications registering and listing.
- b) from September, 25, 2012 – participants were informed about the details of the seminar and sent with the program.

Seminar on training certified trainers on HP LIFE for employees of ORT-KesherNet Centres in Ukraine was conducted on the base of Kiev ORT Technology Lyceum where participants were provided with all the necessary technical support. ORT, as a partner of HP LIFE program, provided instructional materials for students and trainers and all the necessary instructional files. Residents of other cities were living in the “Bratislava” hotel.

At the opening of the seminar ORT Russia Director Sergey Gorinskiy spoke about the history of ORT, its current projects to date and demonstrated the ORT centres’ results the success working with HP LIFE.

At the end of the seminar, participants were surveyed and results showed that the method and style of teaching at the seminar would allow participants to immediately use their knowledge and skills in practice.

Also survey showed that at the ORT-KesherNet centres in Vinnitsa, Simpheropol and Krivoy Rog there are regular training on business on the following themes: “Legal Registration”, “Financial Documentation with MS Excel”, meeting with experts: state registrars, tax officials, actual entrepreneurs, freelance experts. They also conduct seminars “Job Search with IT help”, “How to write the right CV” and “Accountancy”.

Every participant was delivered by the certificate of HP LIFE program.

Principal of Kiev ORT Technology Lyceum and Master-Training Sergey Dzuba were delivered with the thank letters for their participation and support of the seminar.

There was photo shooting during the seminar. These materials were used for the presentation Seminar on training certified trainers on HP LIFE for employees of ORT-KesherNet Centres in Ukraine at a meeting with a Project Kesher. All the participants received training workshop leaflets with information and pictures about the seminar.
